WHAT IS INTERMAT?

Intermat is the international trade show for construction machinery and materials and is among the top 3 construction shows worldwide organized by Comexposium - the leading European Event Organisers. Comexposium has officially associated with Inter Ads - An Indian trade show organizer, to create a new INTERMAT India show which will provide the best access to the construction industry in the entire Indian region. India is one of the world's most dynamic and fast-growing regions companies and brands in a strategic location - Mumbai - Maharashtra, India.

WHY EXHIBIT?

Market Insights & Relevant Competition: INTERMAT India will bring to the Indian market a trend-setting platform that will unite and lead the Asian construction industry towards higher industry standards as well as better success and greater recognition on the world stage.

INTERMAT India will present a complete range of products that suits the region's needs: production and use of construction materials, earthmoving, civil engineering, concrete manufacture, buildings and work sites, lifting, handling, drilling, boring, road infrastructure, mining and quarry equipment, vehicles and transportation, components and accessories, demolition, recycling, among other.
